

L.C. Bates Museum

November 2019

Activities Calendar

Saturday, November 2nd, 1 - 2pm

Old Time Toys and Clothes

Take a trip through history and explore some of the popular games kids played a hundred years ago! Dress up as if it was 1910.

Roll a hoop, play a proper Victorian game called Graces, try a ring toss, write on a slate board and more, as well as making a craft to take home.

Saturday, November 9, 1 - 2pm

Capturing A Bird On Paper

Join us to tour the bird gallery to look at bird adaptations and then find a bird or two you would like to draw. Make a colorful drawing to take home.

Monday, November 11

The Museum will be open 10 to 4
for the holiday.

The 2019 Transit of Mercury across the Sun will start at 7:36 AM and continue until after 1 PM. Visit the museum to learn about the transit. It will not happen again until 2032. Do not look at it without a filtered telescope. You will be able to see it on several sites on the computer.

Admission - Adults: \$3 - Under 18: \$1

Activities included with admission unless otherwise noted

Saturday, November 16th, 1 - 2pm

Winter Birds in Maine

When winter comes to Maine, many birds migrate south—but some stay and tough it out! We will discuss some of these hardy birds, and the special adaptations and behaviors they use to survive until spring returns. We will tour the winter birds in the gallery. And do a bird scavenger hunt.

Daily Craft for visiting children.

Friday, November 22nd, 1 - 2pm

A Guided Tour of the Bird Dioramas

Take a guided tour of the museum's Maine bird dioramas painted by Charles Hubbard. Learn to identify the birds in the dioramas and where they are found. See how Hubbard's background paintings in the dioramas show us the birds common habitats. Make a small bird diorama.

Saturday, November 23rd, 1 - 2pm

Native American Baskets

Join us for a fun and educational tour of the museum's basket collection, including fine examples of Penobscot and Passamaquoddy craftsmanship. Learn more about some of the natural materials and ingenious techniques involved.

Saturday, November 30, 1—2 Ppm

Explore Mammals— Carnivores, herbivores and omnivores

Look at mammals and their skulls and teeth to learn how they are adapted to eat different foods. Look at their hoofs and feet to learn about how they are adapted to help mammals. Make a mammal craft to take home and a track game.
